

The Midland County Quality Preschool Partnership is a voluntary collaboration of the agencies providing State and Federally funded preschool services.

All the partner agencies are committed to supporting families and ensuring that every preschool child enters kindergarten ready to learn. These programs offer a quality educational preschool experience.

The Partnership is a workgroup of Midland County's Great Start Collaborative.

All member preschools:

- Encourage children of all ability levels to apply
- Can provide resources for families on parent education, food pantries, utility assistance, rent assistance and the Car Seat Safety Program
- Implement Creative Curriculum® as their classroom curriculum models
- Implement Conscious Discipline
- Partner with the Midland County ESA to provide evaluations, specialized therapies and services for children with special needs
- Accepts children with disabilities and special needs
